I N F O R M A T I O N   (2024/05/24)

We are proud to announce that we have received over 1,250 abstracts for the ISAIA 2024. This number far exceeds our expectations based on past ISAIAs. Every submission was carefully and thoroughly reviewed by our esteemed panel of reviewers, who diligently assessed each paper. We sincerely thank the reviewers for their effort and time in reviewing such a large number of abstracts. Approximately 85% of the submitted abstracts were accepted for presentation.

To the authors of the rejected abstracts: we understand the frustration and disappointment this may cause. While we strive to maintain the quality and integrity of our conference proceedings, the unavoidable consequence is a certain rate of rejection. We recognize the effort and dedication each of you has invested in your research. We encourage and look forward to your continued engagement and participation to the future ISAIA conferences.

To the authors of accepted abstracts: The information of the full paper submission is notified in our website. Your participation in the conference is highly appreciated, and we look forward to meeting you in Kyoto in September 2024.

Thank you for your understanding and support.
